STATE WATER BOARD OFFERS \$138 MILLION IN LOW- INTEREST LOANS THROUGH STATE REVOLVING FUND LOAN PROGRAM

SACRAMENTO – More than \$138 million in loan funds will be offered to local communities this week, through the State Water Resources Control Board's State Revolving Fund (SRF) Loan program.

This program was designed to provide low interest loans to assist in the construction of needed wastewater treatment facilities, to allow local communities to comply with the requirements of the nine Regional Water Quality Control Boards.

SOLANO COUNTY

City of Vacaville – A loan program contract amendment to increase the City's loan amount from \$25,000,000 to \$67,786,401 will help the City complete its on-going expansion of the Easterly Wastewater Treatment Plant.

LOS ANGELES COUNTY

City of Thousand Oaks – A loan program contract amendment to increase the City's loan amount from \$20,100,000 to \$29,827,506, will help the City complete its on-going expansion and upgrade of the Hill Canyon Wastewater Treatment Plant.

County Sanitation Districts of Los Angeles County – The SRF loan for \$4,173,801 will help the Districts process biosolids at the Joint Water Pollution Control Plant in Carson, CA.

SAN BERNARDINO COUNTY

Victor Valley Wastewater Reclamation Authority – The SRF loan contract for \$11,430,726 will help the VVWRA expand and upgrade its wastewater treatment facility to treat current and future wastewater flow rates.

STANISLAUS COUNTY

City of Riverbank – The SRF loan for \$769,130 will help the City upgrade and expand its wastewater treatment plant.

CONTRA COSTA COUNTY

Crockett-Valona Sanitary District – The SRF loan for \$528,411 will help the District replace approximately 1,000 feet of interceptor sewer to allow the District to handle wet weather flows.

SAN DIEGO COUNTY

City of San Diego – The SRF loan for \$9,709,702 will help the City upgrade the existing sludge digesters to meet Federal Regulations for pathogen reduction.

City of Oceanside – The SRF loan for \$58,899,491 will help the City upgrade and expand its wastewater treatment facility.
